If you are a Blue Badge Holder and are visiting the Victoria Gallery & Museum, you can use any accessible bay in any University Staff or Visitor Car Park. Please see the University of Liverpool Campus Map to locate all car parks.

The closest accessible bays to us are located in the Engineering Car Park to the rear of the VGM Building. Below is a step by step guide to locating these spaces.

Starting at the VGM entrance head down Brownlow Hill towards the City Centre.

Take the next available right turn into Great Newton Street.
The access barriers to the car park are the first right turn.

There is a call button on the barrier. Press this and tell the attendant you are visiting the Victoria Gallery and Museum and require use of an accessible bay. You will have to ensure your Blue Badge is visible and they will let you though.

Drive ahead and turn left.
Turn right and the accessible bays are the last three bays on the right hand side.

When out of the car, make your way over the quadrangle to the arch way in the top left hand corner.
Go through the archway and turn right. Our entrance is at the end on the right.

If you require assistance at any time, please call 0151 794 2348 and our Visitor Service Team will be happy to help.
